## PAW'S CORNER

by Sam Mazzotta

DEAR PAW'S corner: I read your recent column about the homeowner who was struggling to find out which owner was allowing their dog to poop on their lawn. Your ideas were pretty good, but I have another

one that they might consider.

I run a small bed and breakfast, and dog poop on the front lawn is a huge concern to me. No guest wants to see that, much less accidentally step in it! I installed

cameras and caught a couple of neighbors' dogs in the act, but the problem continued. Then I noticed something. My landscaper applies a fertilizer and pest control to the lawn in the spring and fall, and he puts up a little sign that warns people not to allow pets or children onto the grass until the application dries. When that sign is up, no neighbors come near my property. I asked the landscaper to leave the sign up year-round. I haven't had a single "deposit" since! I hope this sneaky idea helps. - Vince in Saratoga, New York

Dear VINCE: That is a genius idea. And while it is a little sneaky, it controls the pet waste problem in a non-confrontational way. Hopefully, no one calls your bluff!

Another option is to periodically treat your front lawn with a dog-repelling scent. These products, both sprays and granules, are available at pet and home-improvement

**N&N PRODUCE**, 296 N&N Lane, New Castle, PA 16105, open now 'til Thanksgiving, Mon.-Sat. 9am-5pm. Full line of Home Grown and Local Produce, Sweet Corn. All available in small or large quantities. **Now Here's A Tip**  
by JoAnn Derson

• M.F. in Washington writes: "For taking to a party: Melt vanilla chips in the microwave, adding by handfuls and heating for about 15 seconds at a time. After 15 seconds, stir and repeat until chips have melted. Then dip small clusters of green grapes into the melted vanilla chips."  
• "I read your tips in a Rochelle, Illinois, newspaper. The paper is sent to me by a friend, and I love the tips. Here is mine: For homemade spray and wash, mix 2 cups of water, 2 tablespoons of white vinegar, 1 tablespoon of baking soda and 1 tablespoon of dish soap." – K.W. in Tennessee

## Our Daily Bread

We Need One Another  
Read: Hebrews 10:19-25  
*As His custom was, [Jesus] went into the synagogue on the Sabbath day. —Luke 4:16*

If recent polls can be trusted, an upsurge of Lone Ranger spirituality is occurring in the United States. Church attendance is down. Biblical beliefs are being abandoned. More and more of our fellow citizens are looking inward, online, and out-of-doors for the uplift they once sought in church sanctuaries.

How different from Jesus! He made it His practice to join in synagogue services regularly (Luke 4:16). But today, people no longer take Him as an example. They settle for what is loosely called "spirituality" and try to nurture their souls without the timeless traditions of congregational praise, prayer, biblical instruction, and edifying fellowship.

To gather regularly with other worshipers is an uplifting source of comfort, inspiration, and emotional strength. The Bible urges us not to forsake "the assembling of ourselves together" (Hebrews 10:25).

We should, of course, have regular devotional times by ourselves. Just as surely, we need the blessing of uniting with other believers for worship and fellowship. We need to spend time together "in order to stir up love and good works" (v.24). We need to make it our habit to worship with others. We need one another. By Vernon C. Grounds

We each can have sweet fellowship with Jesus As through the Word we learn to trust Him more; But we must also meet with one another

As in His name we worship and adore. —Hess

Christians are like coals of fire—together, they glow; apart, they grow cold.

**Gloxinia**

It's easy to see why this Brazil native has become popular in nurseries, flower shops and garden centers around the world. Gloxinia has bell-shaped, upright flowers that come in a range of striking, cheery colors. It likes bright, indirect light and should be planted in loose, well-draining, slightly-acidic soil. Feed your gloxinia once a month with houseplant fertilizer diluted to half strength, and keep its soil evenly moist, but not soggy.

## Outdoor Opportunities

By COL (Ret.) Grey D. Berrier II

### Consider Entering Mercer County's Inaugural Lake-to-Lake Paddle Challenge

So, maybe you purchased your first kayak within the last few years or possibly you initially canoed years ago at summer camp as a youth. However you got involved in the paddle sports, chances are you are pretty passionate about it and have been gradually racking up miles on the water over the last few months, since we are blessed here in Western PA with a plethora of flat-water streams, rivers, lakes, and reservoirs to explore by human-propelled watercraft. As the calendar slips by and we get ever closer to the kids going back to school, have you ever thought to yourself, "I'd really like to test my mettle and physical-conditioning before putting my paddle, life-preserver, and kayak or canoe away for the Winter."

Well, if you have a competitive spirit striving to push yourself and possibly desire to see how you stack up against other kayak/canoe enthusiasts, then VisitMercerCountyPA has the ideal outdoor opportunity scheduled for August 27, 2022. Taking advantage of the scenic Upper Shenango River Water Trail that runs through Mercer County from the outflow of Pymatuning Reservoir down to Shenango River Lake, they will be hosting their inaugural Lake-to-Lake Paddle Challenge two weeks from now and you may want to get involved in this ground-breaking (or should I say water-breaking in this case) paddlefest. The Lake-to-Lake Paddle Challenge is a timed event open to all skill levels with two concurrent events enabling participants to decide what's right for them based on their experience, ability, and conditioning.

For most recreational paddlers, the 15-Mile Challenge (Adventure Class) will be the objective with a demanding course starting at the Kidd's Mill Covered Bridge (by Reynold's Industrial Park). The course initially covers 10-miles of the meandering Upper Shenango River with its intermittent pools, riffles, and sporadic downed-tree obstacles to steer around and through, before entering Shenango River Lake for a final 5-mile trek across open water while potentially encountering windswept waves and occasional wakes from larger motorcraft, before reaching the finish line at North Star Marina (by Tara in Clark, PA). For experienced competitive paddlers, there will be the grueling 30-Mile Challenge (Competitive Class), which is deemed an ultra-marathon paddle. It will originate at the Pymatuning Dam outflow and navigate the smaller, more restricted Upper Shenango River for 15-miles down past Jamestown and Greenville before passing Kidd's Mill Covered

Bridge and covering the same final 15-miles as the Adventure Class. There will be a post-event awards ceremony at the Finish Line with food/refreshment vendors on-hand.

Early discounted registration wrapped up on July 31, so registration is now open through Fri., August 19 for both the Adventure Class (15-Mile) and the Competitive Class (30-Mile). In both categories, participants can use either a kayak or canoe as a single person or in tandem. For the 15-Mile Challenge, registration is \$30.00 Single or \$60.00 Tandem. While the 30-Mile Challenge is \$50.00 Single or \$100.00 Tandem and will probably attract competitive paddlers from throughout our region and possibly from across the country. For the 15-Mile Challenge, Single participants must be 18-years old, but Tandem participants can include a 14-17 year old accompanied by an adult. However, in the 30-Mile Challenge, all Single and Tandem participants must be 18-years old. In the Adventure Class, there will be medals and \$50.00 prize money awarded for Single and Tandem (Male, Female, and Coed). The grueling 30-Mile Challenge will award \$5000.00 in cash prizes to various categories, based on type of paddlecraft used.

The Lake-to-Lake Paddle Challenge has an excellent website: [www.laketolakepaddle.com](http://www.laketolakepaddle.com) with many informative links covering everything you might want to know. The links include: (1) Home, (2) Classes, (3) Registration & Rules/Safety, (4) The Course, (5) Check-In Info, (6) Shuttle Info, (7) Overnight Accommodations, (8) Sponsors, (9) Contact Us, and (10) Volunteer Portal. VisitMercerCountyPA Executive Director, Peggy Mazyck, and her Special Assistant, Carmen Aiello, have done a phenomenal job working with other govt agencies, volunteer organizations, businesses, and volunteers to put together the inaugural Lake-to-Lake Paddle Challenge in a safe, efficient, and well-coordinated manner. They can be reached at (724) 346-3771 (Office) or (724) 614-2769 (Cell), if you have questions about participating or possibly volunteering. This inaugural edition is sponsored by: (1) Carried Away Outfitters, (2) North Star Marina, (3) PA's Great Lakes Region, (4) Performance Kayak, (5) Pymatuning State Park, (6) the Shenango River Watchers, and (7) the U.S. Army Corps of Engineers, Shenango River Lake. If you're an avid paddler, consider participating. Maybe I'll see you there! **God Bless, Be Safe, and Great Outdoors! ©WBB 2022**

## Fair Recipe Corner

1/4 cup corn oil  
1/4 cup unpopped popcorn  
2 tablespoons white sugar  
1 1/2 teaspoons brown sugar  
salt to taste

**State Fair Kettle Corn**  
By Happy Cook

Heat the corn oil in a large pot over medium heat. Stir in the corn kernels once hot. When the first couple of kernels pop, stir in the white and brown sugars. Cover the pot with a lid, and agitate the pot in a circular motion on the stove. Allow the corn to pop, agitating constantly, until the rate has slowed down to one pop every two or three seconds. Remove the pot from the stove, and shake the pot until the popping stops. Pour into a large bowl, and allow to cool to room temperature. Break apart the large clumps of popcorn by hand, and season with salt to taste.

1 quart oil for deep frying  
1 cup all-purpose flour  
2/3 cup yellow cornmeal  
1/4 cup white sugar  
1 1/2 teaspoons baking powder  
1 teaspoon salt  
2 tablespoons bacon drippings  
1 egg, beaten  
1 1/2 cups buttermilk  
1/2 teaspoon baking soda  
2 pounds hot dogs  
wooden sticks

**A Plus Fair Corn Dogs**  
by ROBY

Heat oil in a deep fryer to 365°. In a large bowl, stir together flour, cornmeal, sugar, baking powder salt. Stir in melted bacon drippings. Make a well in the center, and pour in egg, buttermilk, baking soda. Mix until everything is smooth and well blended. Pat hot dogs dry with paper towels so that batter will stick. Insert wooden sticks into the ends. Dip hot dogs in batter one at a time, shaking off the excess. Deep fry a few at a time in hot oil until they are as brown as you like. Drain on paper towels.

### Natural Help for Optimum Health

Good Health should be our most important asset.

Why not take charge of your health today.

Most people on my whole health program see all their numbers go down: sugar, cholesterol, blood pressure, and weight. The only thing that increases is your energy, quality of sleep, and general overall health improves.

### Kovels

Antiques and Collecting  
by Terry and Kim Kovel

Q: I have dishes with bowls that look like heads of lettuce and plates that are a single lettuce leaf. They are marked with the signature "Dodie Thayer." Can you tell me anything about them?

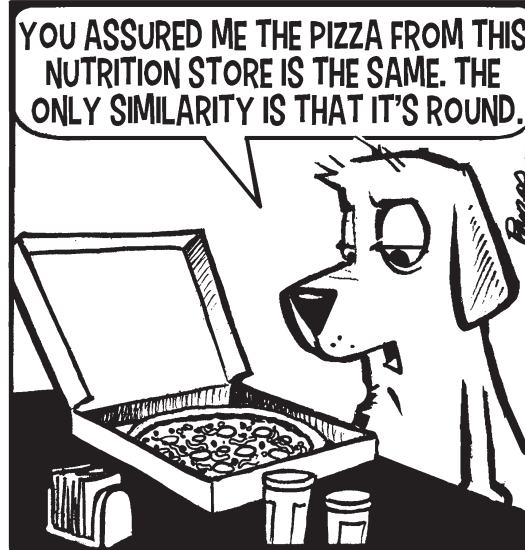

A: Large leaves probably were one of the first "plates" used at a feast. Your photo is Palm Beach dishware and was made during the 1960s and '70s. Dishes were made from molds of actual cabbage or lettuce leaves, or full heads of the vegetable. Pink, red, yellow and green sets were made. They are signed with the artist's name. Recently, the Lettuce Ware dishes were reproduced for the Tory Burch shops in green or white. Full sets are made with cups, plates, tureens and more. A new salad plate costs \$40. Leaf-shaped dishes of all ages are popular with collectors, but only those made of porcelain or after 1900 should be used to serve food.
